Re: Disposing of solid waste at an unpermitted solid waste facility

Dear Mr. Carignan

The New Hampshire Department of Environmental Services, Waste Management Division ("DES") has documented a violation of the New Hampshire solid waste rules relative to the failure to dispose of solid waste at a permitted solid waste facility. On or about May 13 and May 16, 2003, you demolished a chicken coop and had the wood debris buried on your property. Test pits excavated under the supervision of DES personnel verified that this debris was not painted or treated. This Notice of Past Violation is to inform you that the referenced violation is on file at DES. No further action related to the violation documented in this Notice of Past Violation is required.

This notice is being sent to inform you of the violation to help you prevent similar violations in the future. Enclosed is a summary that lists the past violation. The corrective action to be taken in the future consists of you disposing of solid waste at a permitted solid waste facility.

DES recognizes that a great majority of the regulated community wants to prevent pollution and to comply with environmental laws.

A current copy of the New Hampshire Solid Waste Rules can be obtained from DES's website at <http://www.des.state.nh.us/rules/swrules.pdf>, or by contacting the Public Center at (603) 271-2975. A current copy of the New Hampshire Solid Waste Statute can be obtained from the State of New Hampshire's website at <http://gencourt.state.nh.us/ras/html/indexes/149-M.html>.

If you have any questions regarding this matter, please feel free to contact Carl Woodbury at (603) 271-3899.

Sincerely,
